

CREATIVE PEOPLE, NSU OFFERS:

DYNAMO EMPLOYMENT

JANUARY – JUNE 2020

Can you make movies or podcasts? Or are you good at writing, drawing or painting? We can offer you paid work assignment in the production of the Dynamo online course!

 Nordic Council
of Ministers

PRACTICAL INFO

COORDINATOR

Nordisk Samorganisation för Ungdomsarbete, NSU (English: Nordic Youth Association)

CONTEXT

Dynamo is a project carried out by NSU in cooperation with a wide range of Nordic and Baltic youth organisations. The outcome will be an online course for NGO staff, board and volunteers to be used as resource material for developing the organisations. The course will consist of modules in the format of texts, drawings, photos, films, podcasts etc. and it will be publicly available at NSU's webpage. In 2019 we gather background material, in the spring and summer 2020 we produce the course, and in the autumn 2020 we facilitate a test round and disseminate the course. This call is for staff members for specific tasks in the production process.

TARGET GROUP

Young people from Nordic and Baltic countries who have the required skills and are motivated to work on the online training course. We give preference to applicants in age 18-29.

WORK TASKS

The work tasks are mostly related to the production of the Dynamo online course, and are for example:

- recording and editing of film or podcast material,
- writing or editing texts,
- drawing/painting illustrations, series, or other graphic material
- layout and design.

A few tasks are also related to practical arrangements of Dynamo activities, but for these tasks we are directly in contact with the hosting organisation.

WORK PLACE AND EQUIPMENT

The work tasks can be done anywhere, but NSU does not cover travel costs. You are expected to use your own equipment to complete the tasks.

APPLICATION

If you are interested, just write the NSU secretariat (info@nsunet.org) to tell what you can do and we let you know if we have suitable tasks for you. You are welcome to send reference material, for example films, podcasts, artworks or texts you have produced. You have best chances to get work tasks if you contact us in beginning of 2020, but we might have work tasks available until June.

EMPLOYMENT ARRANGEMENTS

You can either get employed by 1. NSU directly or 2. via an NGO in your country.

1. Direct employment at NSU is possible regardless if you live in Finland or in another Nordic/Baltic country, or in Germany, but in any case you need to get a Finnish tax card. If you live in Finland NSU pays salary to you and side costs to the authorities. If you live in another country we pay you the full amount (salary + side costs), register the payment and you are responsible to pay the side costs in your country on own initiative.

2. If you get employed via a national NGO they pay the salary to you and side costs to the authorities, and NSU pays the full amount to the NGO. In this case NSU need payment documentation of what the NGO paid forward.

PAYMENT AMOUNT

The full payment amount include salary and the side costs (taxes and insurances according to national laws). The hourly rate is based on the employee's country of residence, and is calculated based on "Cost of Living Index" for mid 2019:

DE 15,49€, DK 19,52€, EE 11,87€, FI 16,80€, IS 22,63€, LT 10,57€, LV 11,53€, NO 24,32€, SE 16,32€.
